REMARKS

The applicant makes the following provisional election of species in response to the restriction requirements identified in the office action.

- Claims 43-47 are provisionally elected over claims 10-11
- Claim 13 is provisionally elected over claim 12
- Claims 48-52 are provisionally elected over claims 17-20
- Claim 28 is provisionally elected over claim 27
- Claim 32 is provisionally elected over claim 31
- Claim 53 is provisionally elected over claim 55.

With regard to claims 53 and 55, the office action identifies claim 1 as being generic to both claims. The applicant notes that claim 41 is generic to both claims, introducing the feature "calculating a total utility analytic."

These elections are being made provisionally should respective generic claims not be found allowable.

Respectfully submitted,
